

FOREWORD

I would like to express my gratitude to God Almighty, because with His blessings and grace, I can complete this Thesis. The writing of this Thesis was carried out in order to fulfill one of the requirements to achieve a Bachelor of Applied Nursing degree at the Bachelor of Applied Nursing Study Program, Nursing Department, Ministry of Health Polytechnic of Health Malang. This Thesis was realized through guidance, direction and assistance from various parties that the author cannot mention one by one and on this occasion the author would like to express her gratitude to :

1. Afnani Toyibah, A.Per.Pen., M.Pd as Director of the Ministry of Health Polytechnic of Health Malang.
2. Dr. Erlina Suci Astuti, S.Kep., Ns., M.Kep as Head of the Nursing Department Ministry of Health Polytechnic of Health Malang.
3. Dr. Arief Bachtiar, S.Kep., Ns., M.Kep as Head of the Applied Bachelor's Nursing Study Program Malang.
4. Imam Subekti, S.Kep., M.Kep., Sp.Kom as a supervisor who has provided time, energy and thoughts to guide in compiling this thesis and has provided guidance patiently, diligently, wisely and very carefully provided input and motivation to the author.
5. Dr. Arief Bachtiar, S.Kep., Ns., M.Kep and Joko Wiyono, S.Kp., M.Kep., Sp.Kom as an examining lecturer who is willing to examine the author, provide suggestions, guidance, direction and motivation in compiling this thesis.
6. All lecturers and staff of the central campus of the Ministry of Health Polytechnic of Health Malang Applied Bachelor's Nursing Study Program Malang who have helped in completing this thesis.
7. Beloved parents, Father Aiman and Mother Fitri Wahyuningsih, beloved younger siblings Tuffaahatii and Haziimah Mumtazah Aiman, and the author's entire extended family, thank you for the outpouring of love, encouragement, prayers, advice, motivation, and material and moral

sacrifices during the author's study for Applied Bachelor's Nursing Study at the Ministry of Health Polytechnic of Health Malang.

8. Ismi Malikka Isnaini, Monicka Patrisia Tilana, Izza Azainda Zuhri and Balkizta Putri Nadia as the author's beloved friends who have accompanied and colored the author's life during her studies in Applied Bachelor's Nursing Study at the Ministry of Health Polytechnic of Health Malang until now, so the author feels grateful to know and befriend them.
9. Fellow students of the Applied Bachelor's Nursing Program at the Ministry of Health Polytechnic of Health Malang class of 2021 and all parties who have provided support during the preparation of this thesis.
10. And finally to myself who has survived until now even though I often despair, pessimistic and have low self-esteem. Thank you for getting up after falling many times because you have to go through a gravelly and jagged stone road. In the future there will continue to be roads that are not smooth, but the author will try to strengthen her legs and strengthen herself so that she will not fall again.

Finally, I hope that God Almighty will repay all the kindness of all parties who have helped. Hopefully this Final Assignment will bring benefits to the development of science.
