7. To my most cherished and beloved, my heaven’s gate, my Mother Alm. Umi Choliyah, whose advice and support served as a constant reminder, strength, and motivation for me to complete my education. Thank you, Mother, for guiding me to begin my studies here. Alhamdulillah, i've reached this milestone, dedicating this simple yet meaningful paper to you
8. My Father Sutiono, my sibling Aina Rahma Aththia, and my entire extended

family who consistently offered prayers, moral and material support, and served as the author's motivation in completing this education

9. The author also extends gratitude to themselves for the perseverance and resilience demonstrated throughout this journey. Thank you for navigating a challenging path, choosing not to surrender, and remaining committed to the complete finalization of this thesis
10. To my dearest friends, Hestri Astika Sari, Alfi Ika Purwati, Reny Nur Indah Firdaus, and Chirana Karsa Medis. You are truly chosen individuals who consistently provided invaluable behind-the-scenes presence, support, and encouragement. Thank you for your immeasurable companionship
11. To my friends from the dormitory GS K301 house and Mandasia 29 house, who consistently provided support and listened to the author's concerns throughout the course of this education

In conclusion, i hope that Almighty God will repay the kindness of all parties who have provided assistance. The author acknowledges that there are still many errors and shortcomings in the writing of this thesis. Therefore, the author humbly requests readers to offer constructive criticism and suggestions. May this final project bring benefits for the development of knowledge, particularly in the field of nursing.
