

## ACKNOWLEDGEMENT

All praise and gratitude be to Allah SWT, for blessings and mercy have enabled me to complete this thesis. This thesis was written to fulfill one of the requirements for obtaining a Bachelor of Applied Nursing degree from the Bachelor of Applied Nursing Program, Malang Nursing Department, Malang Health Polytechnic. This thesis was made possible through the guidance, direction, and assistance of various parties whom the author cannot mention individually. On this occasion, the author would like to express gratitude to

1. Afnani Toyibah, A.Per.Pen., M.Pd as the Acting Director of the Health Polytechnic of the Ministry of Health Malang, for the opportunity provided in the preparation of this thesis..
2. Dr. Erlina Suci Astuti, S.Kep., Ns., M.Kep as the Head of the Department of Nursing, Poltekkes Kemenkes Malang, for her support and opportunity in completing this thesis.
3. Dr. Arief Bachtiar, S.Kep., Ns., M.Kep as the Head of the Applied Nursing Study Program, Poltekkes Kemenkes Malang, for the opportunity and guidance during the writing of this thesis.
4. Naya Ernawati, S.Kep., Ns., M.Kep., M.Kep as the Supervisor, for invaluable time, energy, thoughts, input, and motivation in guiding me throughout the process of completing this thesis..
5. Dr. Kissa Bahari, S.Kep., Ns., M.Kep as the chairman examiner committee for the valuable guidance, direction, support, and motivation during the thesis process.
6. Dr. Tri Johan Agus Yuswanto, S.Kp., M. Kep as the member examiner for the constructive feedback and encouragement in completing this thesis.
7. All lecturers and staff of the Applied Nursing Study Program at the Malang Ministry of Health Polytechnic, for their support during the writing process.
8. Director of RSUD Haji, East Java Province, Surabaya, and all ICU nurses who provided me with the opportunity and assistance in conducting this research.
9. My beloved parents, Hadi Setiawan and Ima Indhera Mukti; my siblings Burhan Thobari, Rusfian Effensi, and Nabilah Thobari; and my closest friends Akmal Fahrizal, Mba Firda who have continuously prayed, supported me in all aspects, and motivated me throughout the thesis journey.
10. My fellow 4C/RKI Applied Nursing Study Program in Malang class of 2021, and “anak baik” squad who provided support and assistance to the author during the preparation of this thesis.

Finally, I sincerely hope that Allah SWT will reward all the good deeds and support that have been given. I also acknowledge that this thesis is far from perfect; therefore, I welcome constructive criticism and suggestions to improve this work.
